Incident Response, Information Sharing and GDPR

A Practical Perspective for CSIRTs

CIRCL
Computer Incident
Response Center
Luxembourg

Team CIRCL *TLP:WHITE*

7th May 2018

Disclaimer

CIRCL doesn't provide legal advice. We are sharing our practical experience (as a CSIRT, ISAC) about GDPR and privacy compliance at large.

Objectives

- Share our experience on GDPR and how to ensure alignment in the context of a CSIRT
- Share privacy practices and **improvement for security tools** used in information sharing (e.g. MISP) and incident response (e.g. PGP keyservers, honeypots, ticket system)
- **Gather feedback** during the workshop for improvements and new ideas

Agenda

- **13:00-13:20** Introduction, Objectives and Audience (CIRCL)
- **13:20-15:00** GDPR refresh (Deloitte)
- **15:15-15:35** Honeypot and GDPR (CIRCL)
- **15:35-16:00** PGP Public Keyservers and GDPR (CIRCL)
- **16:00-17:00** CIRCL privacy workflow in ticketing systems and privacy-by-design for our tools (demo) (CIRCL)
